

ICTSM 2011

After being held for five years, NCICT goes international in 2011 as the International Conference on Technical Systems and Management (ICTSM), Organized by MPSTME and DJSCE, two of India's premier engineering schools, ICTSM hopes to continue NCICT's legacy and invites researchers and students the world over to submit technical papers on topics related to the ones mentioned in the brochure. ICTSM is backed by Springer which will publish the conference proceedings in the Communications in Computer and Information Science (CCIS) series. All accepted papers will be included in the published proceedings by Springer. CCIS is also abstracted / indexed in ISI proceedings and Scopus. The three top papers will receive a Best Paper Award.

NCCT 2011

The conference aims at various research work related to recent developments in communication technology. The conference had plenary and technical sessions in addition to paper presentations. This conference was organized by Department of Electronics and Telecommunication Engineering jointly with Department of Electronics and Bio-medical Engineering. The papers presented in conference are published in proceeding having ISBN number.

ICCT 2013

The conference was organized during 13th – 15th October 2013 by Department of Electronics and Telecommunication Engineering. The conference aims at various research work related to recent developments in the area of Communication, Networks and Signal Processing. The conference had plenary and technical sessions. The conference proceedings are available on IJCA digital library.

ICCT 2015

In continuation with ICCT 2013, International Conference on Communication Technology was organized on 25th and 26th of September 2015. This conference aims to address research work in different areas of Communication, Networks and Signal Processing. The conference had Plenary and Technical Sessions. This conference was organized by Department of Electronics and Telecommunication Engineering jointly with Department of Electronics and Bio-medical Engineering. The conference proceedings are available on IJCA digital library and extended versions of selected conference papers on available on CAE library.

ICACTA 2015

1st International Conference on Advance Computing Technologies and Applications (ICACTA 2015) was jointly organised by Department of Computer Engineering and Information Technology of SVKMs Dwarkadas J Sanghvi College of Engineering on 26th and 27th March 2015. Many researchers from India and abroad participated in the conference. All the papers presented in the conference are available in Elseviers Procedia Computer Science, volume 45, pages 1-872(2015). <https://www.sciencedirect.com/journal/procedia-computer-science/vol/45/suppl/C>

ICWiCOM 2017

ICWiCOM was organized with a view to cultivate research activities in the field of Wireless Communication at our institute . The conference brought eminent personalities from various area of Wireless Communication on a common platform. Interactions during the conference helped to open up many research areas for upcoming Post – graduate and Doctoral students. Accepted and presented papers in the conference are published Springer Digital Library under the series “Lecture Notes on Data Engineering and Communication Technologies”. This conference was organized by Department of Electronics and Telecommunication Engineering.

ICIMA 2018

International Conference on Intelligent Manufacturing and Automation was held on 20th and 21st July 2018. About 109 research articles were submitted for the conference. After a thorough review process comprising of 23 eminent academicians and industrialists, 66 papers were finally accepted to be presented at the conference.

Day 1 of conference

- Shri Anilkumar Modi (Vice-President, HTE-BU, Larson & Turbo Ltd.) was the chief guest
- Dr. Suresh K Ukrande (Dean, Faculty of Science and Technology, University of Mumbai) was the guest of honour
- Shri Guruprasad Rao, Director, Imaginarium was the speaker for the plenary session
- Eight technical sessions were arranged for presenting articles. These sessions were chaired by Dr. S M Khot, Dr. Arun Kumar, Dr. N. Raykar, Dr. S. Umale, Dr. V. Sunuapawar, Dr. V. Phalle
- 40 articles were presented on Day I

Day 2 of conference

- Shri Vilas Tawde (Managing Director & CEO at Essar Oil and Gas, Exploration and Production Ltd), was the speaker for the plenary session
- Six technical sessions were arranged for presenting articles. These sessions were chaired by Dr. L Ganapathy, Dr. A Pundir and Dr. Sanjay Kumar
- 20 articles were presented at the conference. An additional 6 articles were presented through Skype
- Dr. D J Shah, former Principal, DJSCE graced the occasion as Chief Guest for the valedictory function and presented certificates to the presenting authors

Springer, a leading international publisher in this field will publish the Conference Proceedings digitally under the series Lecture Notes in Mechanical Engineering. Additional details of the book such as ISBN, etc. is available <https://www.springer.com/in/book/9789811324895>

UPCOMING CONFERENCES

ICWiCOM 2019

In continuation with ICWiCOM 2017, ICWiCOM 2019 is being organized on 11th and 12th of October 2019 with a view to cultivate research activities in the field of Wireless Communication at our institute. The conference will bring in eminent personalities from various area of Wireless Communication on a common platform. Accepted and presented papers in the conference will be sent for publication to Springer Digital Library under the series "Lecture Notes on Data Engineering and Communication Technologies". This conference will be organized by Department of Electronics and Telecommunication Engineering.

ICACTA 2020

2nd International Conference on Advance Computing Technologies and Applications ICACTA 2020 (www.djicacta.in) will be jointly organised by Department of Computer Engineering and Information Technology on 28th and 29th of February 2020. The theme of the conference is "**Intelligent Computing**". The conference is organised to help the IT industry to derive the advances for next generation computing. It aims to provide participants an opportunity to exchange new ideas and their research work, to establish business or research relations and to find global

partners for future collaboration. The conference solicits original contributions in broad areas of various engineering and technology disciplines addressing Intelligent Computing theme but not limited to domains such as Linguistic Computing, Statistical Computing, Data Computing. **All the papers presented in ICACTA 2020 will be submitted for publication with Springer in "Algorithms for Intelligent Computing"(<https://www.springer.com/series/16171>).**

ICIMA 2020

International Conference on Intelligent Manufacturing and Automation (ICIMA 2020) is being organized on 24th and 25th January 2020, by Departments of Mechanical Engineering and Production Engineering, jointly with Indian Society of Manufacturing Engineers (ISME). This is the second edition of the conference and it aims to foster research in the field of advances in Intelligent Manufacturing and Automation. The conference is expected to bring in eminent personalities from various areas of manufacturing and automation on a common platform, where they brain-storm on various aspects in manufacturing for the purpose of holistic knowledge sharing. The exposure and the interactions during the conference are expected to open up many research areas for Research Scholars in this area as well.
