

Indian Institute of Chemical Engineers (IChE) Student Chapter Activities

Date of activity	Title of the Activity	Objective of the activity	Description of the activity	Evidence of Success (Achievements /Photos)
2017-18				
23/3/18 24/3/18	AIChemie	Test Students to their limits and Hands On Workshops which Helps merge the Practical aspects of The field with the Theoretical.	Lectures conducted by different speakers and exposers was given to students in chemical engineering	
12.08.17	Lecture on “Chemical Engineering at work- Conceptualization to Operation” by Mr.Nikunj Tanna employed in UOP India	To brief the students about the operational fundamentals in chemical engg.	Exposer was given to students by Mr. Nikunj Tanaa on the operations	

2018	Membranes Talk by industry expert, Mr. Sanjeev Arora	To brief the students about membrane used in industry	Exposer was given to students by the expert on different types of membranes used in industry	
24/1/18	Supreme Petrochemicals ,Nagothane	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations	
14/2/18	Excel Industry, Roha	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations	
20/2/18	Bezaldehyde Plant, Bharuch	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations	

2016-17				
31/3/17	Chemical Engineering in Thermal & Membrane Desalination Processes	To brief the students about desalination process	Exposer was given to students by the expert on different types of membranes used in industry	
17/3/17 18/3/17	Workshop conducted on Practical aspects of chemical engineering	To brief the students about the practical aspects of chemical engg.	Lecture were taken by experts and expose was given to students about the programme.	
18/10/16	Reliance, Patalganga	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations	
10/3/17	L&T, Powai	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations	

2015-16

10/10/15	Seminar cum Workshop on Clean India Role of Chemical Engineering association with Indian Desalination Association	To brief the students about desalination process	Students were explained about the desalination process and the advantages and disadvantages of it.	
26/9/15	Lecture on “Entrepreneurship” by Mr. Rahul Shah/HEM Corporation		Students were explained the advantages of “Entrepreneurship”.	

2014-15

13/3/15 14/3/15	Outstanding Young Chemical Engineers			
10/10/14 18/10/14	Workshop conducted on Practical aspects of chemical engineering	To brief the students about the practical aspects of chemical engg.		
25/1/15	Daund Sugar,	To see the aspects of chemical engg. In actual practice		

2013-14

11/03/14	NR Kamath ChEQ competition	to hold the quiz competition and find the knowledge of students		
10/1/14	Lecture on “Gate Preparation and career prospects” by Alumnus, Mr.Abhijit Talpade	To brief the students about gate exam.		
5/2/14	Visit to Bhandup water treatment plant	To see the aspects of chemical engg. In actual practice		
15/3/14	Lecture held on “Safety Management for Chemical Industry” in Chemical department Mr. Kiran Golwalkar	To brief the students about the safety in chemical industry	Safety management fundamentals and HAZOP explained by the expert	

Sept 2013	IOCL, Trombay	To see the aspects of chemical engg. In actual practice	Students were taken to different chemical plants and briefed about different operations
