

INNOVATION CENTRE / ENTREPRENEURSHIP CELL COMMITTEE

Various objectives of the Innovation Centre/ E-Cell are as follows:

- To imbibe a spirit of entrepreneurship in our students by giving them an insight into the exciting world of start-ups through lectures and seminars.
- To seek tie-ups with non-profit entrepreneurial organizations, connecting our E-Cell to the global network of entrepreneurs.
- To create a strong network of successful entrepreneurs, who would like to guide budding entrepreneurs.
- To provide an ecosystem to early stage entrepreneurs in forms of design rooms, quality assurance mechanisms, besides expertise in Intellectual Property rights, Patent search etc.
- To start an incubation centre in our college for innovative ideas.
- Networking student enterprises from campus to incubators, seed funds and angel investors.
