Internship Summary Report - Academic Year 2023-24

During the academic year 2023-24, a total of 663 students actively participated in internships, significantly contributing to their academic and professional growth. The internship program, spanning from July 2023 to June 2024, included both paid and unpaid opportunities, providing students with a diverse range of experiences.

Department-wise Distribution:

Name of the Department	Number of students did the internship
AI_DS	52
COMP	221
CSE (ICB)	39
CSE (DS)	101
CHEM	00
IT	152
ELEX	05
MECH	17
AI_ML	61
EXTC	15
Total	663

The table above highlights the distribution of interns across different departments. The departmental breakdown demonstrates the diverse array of opportunities available to students, allowing them to apply their academic knowledge in practical settings.

Internship Duration:

The internship records considered in this report cover the joining period from July 2023 to June 2024.

Paid and Unpaid Internships:

The internship records encompass both paid and unpaid opportunities, emphasizing the commitment to offering students a variety of experiences. This approach recognizes the value of internships in skill development, irrespective of financial compensation.

Data Source:

The records presented in this report are based on the data submitted by department coordinators and the same is verified with the central office. This collaborative effort ensures accuracy and reliability in reporting the internship activities of students.

In conclusion, the internship program for the academic year 2023-24 has been a robust initiative, with 663 students actively participating in various internship opportunities. The gender and departmental distribution reflects the commitment to providing inclusive and impactful experiences for students across diverse academic backgrounds. As we acknowledge the contributions of these interns, the collaborative effort of department coordinators and T&P cell in providing accurate data is essential for shaping future internship programs.

663	Total
13	Electrical
41	AI ML
17	Metallurgical
89	Electronics
132	IT
96	Chemical
143	CSE (IT)
79	CSE (Core)
29	Comp
29	AI DS
