

CSI Committee Annual Report

2nd April 2013

The Student Chapter has been under the guidance of our professors: Dr. Abhijit.R.Joshi, CSI branch counselor and Prof. Neepa Shah, CSI faculty advisory. They have encouraged the CSI committee in every way possible and left no page unturned. Every workshop and seminar was overlooked efficiently by our IT Department Faculty and we are grateful to them for their co-operation. The year wouldn't have been successful without our ever so hardworking professors.

D.J.S.C.O.E.'s CSI (Computer Society of India) for 2013 had been efficiently led by the CSI committee 2013:

Chairperson	Hiloni Punatar
Vice-Chairperson	Sayam Arora
Secretary	Archana Iyer
Co-Secretary	Mansi Bhatt
Treasurer	Manav Agrawal
Co-Treasurer	Komal Agrawal
Technical Head	Nishant Panchal
Sponsorship Head	Qaish Kanchwala
Event Head	Jhalak Shah
Event Head	Pradnya Narkar
Publicity Head	Tanisha Wagh
Creative Head	Disha Desai
Logistics Head	Akash Doshi

The committee started off with its work in the month of January itself, with a seminar conducted by the KiC education on 15th Jan 2013, a leading institution which coaches students to ace their GRE/GMAT/CAT. The seminar gave a brief but informative session which helped the students choose between MS and MBA. A successful membership drive was conducted by CSI committee.

An Industrial Visit to ABB Industries, Nasik was organized on the 21st of January. ABB is a leader in power and automation technologies that enable utility and industry customers to improve performance while lowering environmental impact. The trip was a very information experience and a great learning opportunity.

A Finance seminar by "GettingYouRich" was also conducted on 13th March 2013. The seminar was to widen our financial and entrepreneurship skills. Since students will be making a transition as professionals in the corporate world, a brief introduction as to how to handle our financial assets and to generate a profitable personal budget was explained in detail.

An introductory seminar on Sixth Sense Technologies was conducted on 13th Feb 2013, which gave a brief introduction of Matlab Programming, Gesture Recognition, Image Processing, Efficient Techniques to control your computer as also showed some demo about the same.

Another one of the workshops was conducted on 23rd February 2013; the CSI team introduced a new theme fun-learning - “Security Day”. Our goal was to spread awareness to students about various viruses, malwares and Trojans which may harm our systems. The workshop was conducted by Mr. Milin Nitin Shah, owner of Ace Aspire Technologies, who taught the students about Data Recovery, Phishing, Google Hacking, SQL injection and a lot more.

One of the most successful events of the year was the Google GDG DevFest W. This workshop was a two day workshop held on the 9th and 10th of February 2013, was conducted by Google professionals; Google Developer Group Mumbai. GDG Mumbai is an open and non-profit developers group that aims to learn, share and know more about Google technologies. They trained the students who had come from various college from all over the city. The workshop, which was conducted on the eve of International Women’s Day, not only gave detailed knowledge about Python Coding, Android App Making and a brief insight on Google App Development but also encouraged the progress of women in Coding.

This highly successful workshop was covered by the Asian Age and also found its place in various technical websites.

Last but not the least; the CSI Student chapter also published the 6th volume of its Magazine, “PROTOCOL”, which informed the readers about the upcoming gadgets and technological advancements.
