

MoU: Henkel Adhesive Technologies India Pvt. Ltd., Pune & DJSCE, Mumbai

SVKM's Dwarkadas J. Sanghvi College of Engineering (DJSCE), Mumbai, has signed a Memorandum of Understanding (MoU) with Henkel Adhesive Technologies India Pvt. Ltd., Pune, on 10 April 2025 to strengthen industry-academia collaboration in the field of adhesive technologies and engineering applications.

This partnership aims to bridge the gap between academic learning and industrial practices by enabling students and faculty to work on real-world engineering challenges.

Objectives of the Collaboration

- To promote industry-academia interaction
- To facilitate collaborative research, training, and consultancy activities
- To provide practical exposure to students in advanced adhesive technologies
- To support skill development aligned with industry requirements

Key Areas of Collaboration

- Research and Consultancy Projects: Joint work on industry-relevant engineering problems
- Student Internships and Projects: Industry-defined research topics and hands-on project opportunities
- Access to Industry Facilities: Students and faculty will get access to Henkel Innovation Center, Hinjewadi, Pune
- Technical Training and Skill Development: Specialized training programs based on industrial needs
- Publications and Academic Output: Opportunities for joint publications (with prior approval from Henkel)
