1. DEPARTMENT

Department VISION

To impart high quality education, promote research culture and inculcate ethical values to develop/produce professionally competent engineers capable of meeting global challenges.

Department MISSION

1. Encourage research aptitude and analytical approach to prepare students for facing technological challenges in computing field.
2. Develop professionals, equipped with soft skills, ethical and social values for betterment of society.
3. Create awareness about sustainability concerns and ongoing trends in computing field.
4. To nurture and provide a collaborative environment for enabling aspiring technocrats to meet industry expectations.
5. Provide competent faculty and systematic modern approach in teaching-learning with state-of-art infrastructure.

Program Educational Objectives [PEO]

1. To impart quality education to students, while encouraging innovations and research culture in keeping abreast with technological advancements in computing.
2. To develop computer professionals with comprehensive knowledge, capable of facing indigenous and global challenges.
3. Develop computer professionals to fulfill industry expectations and social aspirations.

Academic Year: 2021-22
Department of Computer Engineering

Programs Specific Outcomes [PSO]

By the completion of Computer Science program, the student will have following Program specific outcomes.

1. Ability to understand and assess fundamental and advanced principles of computer hardware and software systems.
2. Comprehensive knowledge and practical competence with a broad range of programming languages enabling graduates to understand the structure, design and development methodologies of software systems on various platforms.
3. Ability to efficiently model real-world problems using appropriate data structures and algorithms.
4. Capability of applying computing knowledge in multidisciplinary domains to identify problems and provide solution to them.

About the Department

- Started in the year 2001 with undergraduate program affiliated with University of Mumbai.
- NBA Accredited
- Intake: BE: 120, ME: 18, PhD: 10
- Fully air-conditioned classrooms with LCD Projectors
- Laboratories equipped with advance software and hardware
- Provide all kinds of support to develop application with advanced technologies.

Courses offered

- B.E Computer Engineering
- M.E Computer Engineering
- Ph.D Technology

3. SPECIAL ACADEMIC PROGRAMME

3.1 Workshop on “Automation, Visualization and Reporting” conducted on 22nd Feb 2022

Date: 22/02/2022

Time: 2:00 PM

Venue: Mechanical Engineering Lab

Type of Event: Staff Development Program

Target Audience: Lab Assistants

Number of Participants: 16

Resource Person: Dr. Ramchandra Mangrulkar, Associate Professor, DJSCE.

- **Objectives of the Program**

1. Demonstrate on how to automate data collection.
2. Demonstrate on how to automate a mail.
3. Demonstrate on how to visualize the data.
4. Demonstrate on how to generate the report.

- **Workshop Summary**

As a quality initiative from the Internal Quality Assurance Cell, DJSCE, Mumbai a workshop for Lab Assistants was organised on 22nd February, 2022 on 4th Floor Mechanical Engineering Department Lab. The aim of the workshop was to create awareness in the staff members about the Microsoft Tools for their day-to-day activities.

Dr. K. N. Vijayakumar, IQAC Coordinator introduced the resource person to all the staff members who attended the workshop.

Dr. Ramchandra Mangrulkar briefly introduced the tool Microsoft Power BI to the audience. He then started hands-on demonstration on how to use this tool for daily activities carried in the institute. All the staff members attending the workshop were given PCs to perform the tasks in the workshop.

Academic Year: 2021-22
Department of Computer Engineering

Dr. Ramchandra Mangrulkar instructed and demonstrated on how this Power BI tool can be used to collect data.

He then explained how this Power BI tool can be used to mail the documents.

Later on, he shared one of the .csv file with the participants for performing experiments. He demonstrated how the visualization graphs like Bar Chart, Pie Chart can be plotted using this tool. He also explained how to caption and add legends in those charts.

Lastly, he explained how the reports can be generated from the given data as per the need of an individual.

Participants really enjoyed the session and gained the wonderful knowledge of Power BI tool.

In the end, Dr. Nilesh Patil expressed his vote of thanks and the workshop was ended.

- **Photographs**

- **Outcome**

Created awareness in the staff about the Microsoft Power BI tool for collecting data, sending emails, visualizing the data and generation of reports.

Department of Computer Engineering

3.2 Workshop on “Innovations in Research using Cloud and Web Based Tools” conducted on 26th Feb 2022

Date: 26/02/2022

Duration: 11:00 AM to 12: 30 PM

Venue: Computer Engineering Classroom C1

Type of Event: Faculty Development Program

Target Audience: Faculties

Number of Participants: 21

Resource Person: Dr. Ramchandra Mangrulkar

- **Objectives of the Program**

1. Understand how to write a research paper.
2. Create awareness of various research tools.
3. Demonstrate Power BI tool for visualization and reporting.

- **Workshop Summary**

As a quality initiative from the Internal Quality Assurance Cell, DJSCE, Mumbai a workshop for Faculties was organised on 26th February, 2022 on 6th Floor Computer Engineering Department Classroom. The aim of the workshop was to create awareness in the faculties about different research tools and their usage.

Dr. Nilesh Patil, introduced the resource persons to all the staff members who attended the workshop.

Dr. Ramchandra Mangrulkar initiated the workshop with research paper contents. He asked the audience with which section do we start writing the research article. Which part of the research article is important from reviewer's and reader's point of view?

Later on, he demonstrated various useful tools that can be used in the research. For example,

1. To identify trending domain: <https://trends.google.co.in>
2. To identify trending keywords: <https://www.wordracker.com>

Likewise, he explained various other tools with their demonstration.

Academic Year: 2021-22
Department of Computer Engineering

Lastly, he demonstrated the Microsoft Power BI tool which can be used for visualization and generating report in the research.

Participants really enjoyed the session and gained the wonderful knowledge from this workshop. In the end, Dr. K. N. Vijayakumar expressed his vote of thanks and the workshop was ended.

- **Photographs**

- **Outcome**

Created awareness in the staff about the different research, visualization and reporting tools

Academic Year: 2021-22

3.3 Workshop on “Significance of Cyber Security in Human Life” conducted on 3rd March 2022.

Date: 03/03/2022

Duration: 10:30 AM to 12: 30 PM

Venue: Computer Engineering Classroom C1

Type of Event: Faculty Development Program

Target Audience: Faculties

Number of Participants: 14

Resource Person: Dr. Narendra Shekokar

- **Objectives of the Program**

1. Understand what Cyber Security is?
2. Create awareness of how cyber security impacts human life?

- **Workshop Summary**

As a quality initiative from the Internal Quality Assurance Cell, DJSCE, Mumbai a workshop for Faculties was organised on 3rd March, 2022 on 6th Floor Computer Engineering Department Lab. The aim of the workshop was to create awareness in the faculties about how cyber security is impacting human life every day.

Dr. Nilesh Patil, introduced the resource persons to all the staff members who attended the workshop.

Dr. Narendra Shekokar started with the basics of security and cryptography. Then he proceeded explaining what Cyber Security is? He briefed the participants about the significance of cyber security in human life.

Dr. Narendra Shekokar explained the concepts of cyber security introducing the terms cyber threats, cybercrime, cyber criminals, cyber bullying, different types of cyber security.

He also gave some examples of cyberattacks with case studies like:

1. Cosmos Bank Cyber Attack in Pune in 2018

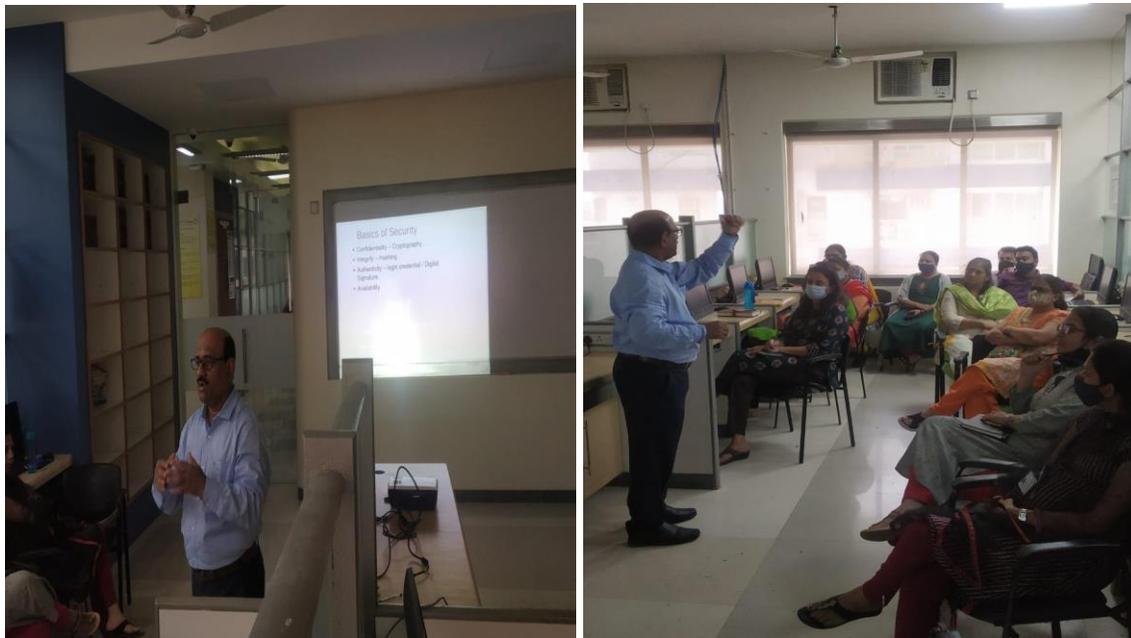

Academic Year: 2021-22
Department of Computer Engineering

2. UIDAI Aadhaar Software Hacked
3. 'Malicious' data breach impacting customers' bank account details @ British Airways and International Airlines Group
4. Customer credit/debit card details stolen @ Target Corporation
5. Cybercriminals stole the data of 500 million customers @ Marriott International

Participants really enjoyed the session and gained the wonderful knowledge from this workshop. In the end, Dr. K. N. Vijayakumar expressed his vote of thanks and the workshop was ended.

• **Photographs**

• **Outcome**

Created awareness in the faculty about the significance and impact of cyber security in human life.

3.4 Workshop on “IP Case-studies: Patent, Design and Copyright” conducted on 31st March 2022.

Date: 31/03/2022

Duration: 11:00 am – 1:00 pm

Venue: Seminar Hall

Type of Event: Staff Development Program

Target Audience: Faculty

Number of Participants: 55

Resource Persons:

Dr. Narendra Shekokar
Professor,
Dept. of Computer Engineering,
IT Convener , DJSCE

Dr. Kranti Ghag
Associate Professor,
Dept. of Computer Engineering.
DJSCE

- **Objectives of the Program**

1. Create awareness among faculty members about IP and IPR.
2. Familiarize with the resources and tools for Patent, Design and Copyright.
3. Discuss the procedure and documents for filing Patent, Design and Copyright.

- **Workshop Summary**

As a quality initiative, Internal Quality Assurance Cell, DJSCE and Department of Computer Engineering, Mumbai organised a workshop for faculty members on 31st March, 2022 in Seminar hall at 11am. The aim of the workshop was to create awareness about Intellectual Property (IP) and familiarize the participants with tools / resources for applying for registering Intellectual Property.

Dr Nilesh Patil introduced the resource persons, Dr. Narendra Shekokar and Dr Kranti Ghag. The session began with motivational thoughts by Dr Narendra Shekokar. He introduced various Intellectual Properties and explained the Patent landscape in detail. The procedure, timeline and fees to file a patent were discussed. Forms to apply for filing a patent were illustrated and Case-studies were presented. The presentation also covered the guidelines on drafting the patent

Academic Year: 2021-22
Department of Computer Engineering

application and drafting post filing communications with the patent office. Resources on website of Indian Patent Office and World Intellectual Property Organisation (WIPO) were demonstrated. Following the trail, Dr Kranti Ghag discussed the Industrial Design and Copyright procedure, fees, timelines, drafting and post filing communications. Attendees actively participated in the workshop and Q&A session. Entire workshop material was shared. World IP Day and current year's (2022) theme, focussing on youths was disseminated.

- **Photographs**

- **Outcome**

Created awareness about the IP such as Patent, Copyright and Industrial Design.
